WHO MAY APPLY: NATIONWIDE This announcement is open to both Army and Air Traditional and AGR personnel. This is a 3 year stabilized tour. Due to the special training and mission requirements, individual selected will not be authorized reassignment. Applicants must possess the MOS / AOC / AFSC required for the position.

DESCRIPTION OF DUTIES: Receives general and specific guidance from the commander, operations officer and senior operations NCO (RAID). Conducts concurrent biological and chemical agent detection and identification operations. Prepares operations and fragmentary orders and maintains systems to track the certifications of personnel expected to enter WMD incident sites. Participates in sample collection/transfer chain of command procedure. Process NBC reports and refers issue to the commander as necessary. Assists the senior operations NCO in the accomplishment of: Standardization and distribution of pre-deployment checklist, coordinates the activities of any attached or assigned medical or decontamination units, demonstrating operational control over actions throughout a WMD response. Publishes the overall tactical SOP for the RAID. Functional responsibilities include but not limited to: implementing procedures for monitoring readiness status and OPSEC, monitor CB detection, sampling and identification missions. Supervises set up and take down of CP. Acts as central point for RAID lessons learned. Implements tracking system for personnel entering/exiting WMD incident site. Coordinates OPSEC logistics requirements. FEMA Region includes Pennsylvania, Maryland, West Virginia, Virginia, Delaware and Washington, D.C. Performs other duties as assigned.

SPECIAL INFORMATION: APPLICANTS MUST BE QUALIFIED PRIOR TO APPLYING FOR THIS POSITION. Significant periods of TDY may be required. PCS move may be required. Selected individuals will be required to complete an OSHA physical. Reassignment during this tour will not be authorized.
